

▶ Portable Bullet Traps

Encapsulator™ Mobile Range

Provides a massive target surface area of 48"W x 96"H. Encapsulator™ system is constructed of 3/8" AR500 steel back plate covered with 2 inch Dura-Panel™ and finished with Dura-Bloc™ ballistic rubber. Two compression systems hold the Dura-Blocs™ securely in place and the lower front edge of the trap is covered with Dura-Panel™ for ballistic protection from misdirected rounds. The heavy-duty swivel and locking wheels allow for easy mobility. For permanent placement, the wheels can be removed and the bullet trap can be floor mounted with the built-in mounting plates.

#60_19_014 Wt. 2,645 lbs.

Dims: 99"H x 48"W x 62"D

Encapsulator™ Mobile Range Wall

Constructed of three 4' W x 8' H Encapsulator™ sections to form a 12 foot wide bullet trap. Sections are bolted together with our AR500 steel seam plates. Encapsulator™ system is constructed of 3/8" AR500 steel back plate covered with 2 inch Dura-Panel™ and finished with Dura-Bloc™ ballistic rubber. Six compression systems hold the Dura-Blocs™ securely in place and the lower front edge of the trap is covered with Dura-Panel™ for ballistic protection from misdirected rounds. A concrete pad is recommended to support the wall.

Mini Floor Standing Trap

Constructed of 3/8" AR500 steel construction with 2" thick Dura-Panel™ ballistic rubber surface. The trap sits at a 20 degree angle on its built-in stand. Shooting surface area is 24" x 24".

#60_21_014 Wt. 106 lbs.

Dims: 24"H x 24"W x 20" D
