

## Product Overview

Range Systems lane dividers organize the firing lane into defined shooting positions, provide a location for mounting local target controls and offer protection from adjacent shooting positions. The proper lane dividers for your range can dramatically improve the perception and reality of the safety and quality of the range.

We offer six standard styles of lane dividers to customize your range and create the ideal shooting experience: Pro-Tacts Standard, Pro-Tacts Diamond, Clearview, Pro-Tacts Combo, Fortress™ and Mobile Shooting Stall.

Range Systems will custom design a shooting stall to your specific requirements. Some options include:

- Brass guards
- Blast shields
- Barricades
- Sight-Bloc
- Branding
- Coat Hook
- Bench options with lower storage shelves
- X-Shot Lite

\*For further details see [Lane Dividers Accessories sheet](#)

### Pro-Tacts Standard

- Constructed of 3/8-inch AR500 steel plate and 2-inch thick Dura-Panel™ anti-ricochet ballistic rubber panels adhered directly to both sides of the steel
- Minimizes side blast interference from adjacent shooting lanes and reduces the hazard of misdirected shots

### Pro-Tacts Diamond

- Constructed of 3/8" AR500 steel plate, 2" thick Dura-Panel Ballistic Rubber and many finish options to customize the look and feel of your dividers without sacrificing safety and strength
- Minimizes side blast interference from adjacent shooting lanes and reduces the hazard of misdirected shots

## Clearview

- Constructed of rifle or pistol rated ballistic glass in a steel framework for protecting shooting lanes
- Provides an open view of the firing line and shooters
- Offers the same protection as Pro-Tacts Standard but with visibility of the firing line and occupants to provide an unobstructed view
- The ballistic glass panels can be detailed to include your logo or company name

## Pro-Tacts Combo

- Constructed of a combination of Dura-Panel™ ballistic rubber, AR500 steel plate, and a ballistic glass panel it provides you the benefits of our Clearview and Pro-Tact, combining open sight lines along with privacy, safety, and sound reduction.
- Delivers firing line visibility, a deeper footprint to accommodate an instructor and shooter, and the ballistic and acoustic values of our Pro-Tacts Standard

## Fortress

- Fully customizable from floor to ceiling
- Designed for performance and built for safety
- Available in different sizes so that it can be easily integrated into new or existing range layouts

## Mobile Shooting Stall

- Constructed of 1/4-inch AR500 steel plate and 2-inch thick Dura-Panel™ anti-ricochet ballistic rubber panels adhered directly to both sides of the steel
- Minimizes side blast interference from adjacent shooting lanes and reduces the hazard of misdirected shots
- Provides tactical mobility
- Heavy duty casters allow easy movement and locking placement in stalls
