

Product Overview

Range Systems lane dividers organize the firing lane into defined shooting positions, provide a location for mounting local target controls and offer protection from adjacent shooting positions. The proper lane dividers for your range can dramatically improve the perception and reality of the safety and quality of the range.

The Pro-Tacts™ Combo merges the ballistic safety of Pro-Tacts with the visibility of Clearview. Combining AR500 steel, Dura-Panel™ ballistic rubber, and ballistic glass, it delivers the perfect balance of protection, openness, and comfort.

Features and Benefits

- Hybrid design combines the benefits of Pro-Tacts and Clearview.
- Open sight lines maintains visibility between lanes for instructors.
- Ballistic & acoustic protection reduces noise and side blast interference.
- Spacious layout with a deeper footprint accommodates both shooter and instructor comfortably.
- Customizable options available with accessories like coat hooks, brass guards, and storage benches.
